

5/12/20 update

Hey everyone,

Happy birthdays this week go out to...

Laura O'Brien today

Tomorrow, Caleb Ross, Frankie Amatura, and Shannon Quinn celebrate

Thursday is Jonah Kawado's big day

And Friday we have a big shout out to Emma Ridofi... Happy birthday everyone

Ok... Seniors taking APs... just a reminder, you need to sit and take all of your exams! You were given an exemption based on completion of the course... and taking the exam does that. If you fail to take an exam, your portfolio grade will go down 12.5% for each exam skipped. Not worth it!

Also... if you haven't been to school, make sure to come in for your cap and gown, your graduation picture and locker cleanout... You have until Thursday!

Underclassmen... remember that your capstone projects are designed as 3 week projects... Do not get overwhelmed by the amount of work... pace yourself and get Milestone #1 completed this week for each class. Try to get one class done each day headed into Sunday!

Ok... looks like the weather is finally going to start changing tomorrow! Looks like the restrictions are lifting soon... Enjoy your week! We'll see you soon!
